Each year, investment dealers are required to disclose to Canada Revenue Agency the securities transactions made by clients. You must report the income or capital gain from these transactions on your annual income tax return. Please keep this statement for income tax purposes.

Bulletin board

Using borrowed money to finance the purchase of securities involves greater risk than using cash resources only.
If you borrow money to purchase securities, your responsibility to repay the loan and pay interest as required by its terms remains the same even if the value of the securities purchased declines.

The US/CDN conversion rate is: 1.1050, as of March 31st.

Comments

Did you know when you sell shares you can avoid mail delays and having to cash physical checks by getting your sale proceeds sent directly to your bank account (ACH) for a fee of $2? Just like Fed Ex delivery, you'll receive your funds in three business days. By choosing ACH you will save $18 compared to the courier fee. First, add/update your bank instructions by logging in to your account at www.computershare.com/walmart, and select "Banking Details" from the "My Details" tab. Then, when you enter a sale online or over the automated phone system, select "Direct Deposit" as your delivery method.

Please save this statement for tax purposes, or access your account over the web.

You will notice that balanced mutual funds appear under a separate heading in the Details of your investments section but do not appear as such in the Summary of your investments section. To better reflect your asset mix, we have divided the value of your balanced fund holdings equally between the Common equity & related securities and Fixed income & related securities asset categories in the Summary section. While the split between equities and fixed income investments will vary from balanced fund to balanced fund, we feel that a 50-50 split is a fair representation for the purposes of showing your asset mix.

Should you have any questions about this representation, please contact your Investment Advisor.

Your 2014 RRSP/PRPP Deduction Limit Statement

RRSP/PRPP deduction limit for 2014 – Amount (A) is the maximum amount you can deduct on your 2014 return for:

- your unused RRSP/PRPP contributions **(amount B)** that are available for 2014; and
- RRSP/PRPP contributions you make from March 4, 2014, to March 2, 2015.

Note that this maximum amount that you can deduct is over and above any deduction you can claim for certain eligible income that you transfer to an RRSP/PRPP.

Unused RRSP/PRPP contributions – Amount (B) is your unused RRSP/PRPP contributions at the end of 2013 that are available for 2014. You either could not deduct this amount, or you chose not to deduct it on a previous-year return. Report **amount (B)** on line 1 of your 2014 Schedule 7.

Tax on RRSP/PRPP excess contributions – You may have to pay a tax of 1% per month on RRSP/PRPP excess contributions if your unused RRSP/PRPP contributions **(amount B) plus** any additional contributions you may make from March 4, 2014, to December 31, 2014, exceed your RRSP/PRPP deduction limit for 2014 **(amount A)**. If you have RRSP/PRPP excess contributions, see "Tax on RRSP/PRPP excess contributions" in Chapter 2 of Guide T4040, *RRSPs and Other Registered Plans for Retirement*.

Additional information – For more information about RRSP/PRPPs, including how we determine your RRSP/PRPP deduction limit, see Guide T4040, *RRSPs and Other Registered Plans for Retirement*.
