- 7 A tax instalment, equal to the estimated yearly taxes and divided by the number of mortgage payments per year, will be collected together with the principal and interest mortgage payment starting on the first payment date. The collection of this tax payment will enable Street Capital Financial Corporation to pay the property taxes on an ongoing basis. ## Portability Options

- 1 The borrower may, when not in default, and upon a bona fide arm's length sale of the property charged hereunder and the purchase of another property, apply for approval to transfer this mortgage as a charge of the same priority and of the same amount to the new property. The completion of the borrower's purchase transaction must occur no later than 30 days after the completion of the borrower's sale transaction. In most cases, an arm's length sale is one where the buyer and seller are unrelated and have no personal or business relationship with each other.

The existing borrower and the new property must both qualify under the lender's underwriting policies, criteria, procedures and documentation requirements and those of any insurer, if applicable, in effect at the time of application. The borrower will be required to pay the port application fee, title insurance processing fee, appraisal fee and insurance premiums, if any, and all other fees and prepayment compensation that may be associated with the granting of the approval to port. (Broker)

## Prepayment Policies

- 1 The Borrower may prepay this mortgage in full at any time upon a compensation payment to the Lender of an amount equal to the greater of:

(a) three (3) months interest calculated by the Lender on the remaining balance and at the interest rate set out in the mortgage form or last renewal, conversion or amendment thereto; or

(b) the interest rate differential (IRD) calculation for the remaining term of this mortgage. The IRD is the amount of money the Lender requires, on the prepayment date, to compensate the Lender for the loss of interest income which results from a lower rate of interest on a replacing loan for the remainder of the term. The remainder of the term is the length of time from the payment due date of the last full loan payment made under this mortgage to the maturity date of this mortgage. The IRD is calculated by determining the difference between the mortgage rate in effect, at the time this mortgage was given or last renewed, converted or amended, and the Lender's posted rate in effect at the time such IRD calculation is made for the term closest to the remaining term, as determined by the Lender. The difference in these two rates is used to calculate the loss of interest income. The posted rate is that the Lender publishes on its web site and identifies as the rate for this mortgage product.

If the term of this mortgage is longer than five (5) years and the prepayment is made after the fifth (5th) anniversary date then the compensation payment is limited to three (3) months interest only as set out in (a). (Applicant)

- 2 The following privileges may be used in the same year.

The exercising of either privilege will not affect any of the borrower's obligations under this mortgage including the continuing regular loan payments as to amount or due date.

Privileges are not cumulative and may not be carried over from one year to the next.

### (a) PARTIAL PREPAYMENT

The borrower, when not in default, may prepay partial amounts of principal, without payment of compensation to the lender, on any payment date. Such partial payments must each be a minimum amount of \$ 100.00, and total no more than 20% of the original principal amount of this mortgage during each year. This privilege is only available if this mortgage is continuing in force and is not applicable in part to any prepayment in full of this mortgage. Any unused partial prepayment privilege will not reduce the compensation payable on any prepayment in full of this mortgage. This privilege may not be used in the 31 days prior to a prepayment in full of this mortgage.

### (b) PAYMENT INCREASE

The borrower, when not in default, shall have the privilege of increasing the then regular loan payment on account of principal and interest, in an amount not to exceed 20% thereof, or reducing the aforesaid increased payment by an amount up to but not exceeding 20%, once during any year. It is understood that the principal and interest portion of the regular loan payment may never be less than the original principal and interest amount.  
(Applicant)

## Rate Adjustment Policies

- 1 Should the actual interest rate charged on the mortgage be less than the amount set out in the Commitment Letter or the mortgage document, the Lender shall not be obligated to communicate this change in rate to the mortgagor. (Broker)

## Administration & Service Fees

- 1 If, at any time or from time to time, any default or breach of covenant occurs under any encumbrances registered against the land and which encumbrance has priority over this Mortgage, it shall constitute default under this Mortgage and we may pay all monies and take appropriate action to cure any default or breach under any such encumbrance. All costs, fees, charges, expenses and amounts paid by Street Capital Financial Corporation to cure any default or breach under any such prior encumbrance, shall be charged on the land and secured under this Mortgage and shall be recoverable by us in the same manner as any default or breach of covenant under this Mortgage. (Applicant)

2 There may be a fee charged for any payment that is returned or dishonoured. (Applicant)

**Requests for any changes to the terms and conditions of the Commitment will only be considered if your request is received by us in writing at least 5 business days prior to the Advance Date.**

Sir/Madam,

I/We hereby authorize you to provide a statement, for the above-noted mortgage/account to FCT and send to the corresponding fax or e-mail as disclosed on the attached fax cover page.

If this mortgage is due for renewal on or around the effective date of this statement, consider this your instruction to not renew this mortgage, pending payout of it. Should the mortgage have to be renewed, consider this your instruction to renew the mortgage only for a 6 month open term. These instructions are to have priority over any other renewal letter, document or other instrument you may have sent to me/us.

The above mentioned statement should reflect the outstanding principal balance; accrued interest as of the above date; any tax account debit or credit; the per diem rate of interest on such principal balance accruing from the above date; whether the loan is in good standing; and if the mortgage contains a readvanceable provision and/or if additional principal advances can be made after the date of the statement. If there are multiple products secured by the mortgage security, provide a statement for each product. Prepare the statement(s) on the basis that any allowable prepayment privilege has been applied prior to the calculation of any prepayment changes.

\* For assignment/transfer statements, please provide the CMHC or Genworth reference number associated with this mortgage, if applicable.

**Please note: If this mortgage secures a Line of Credit or other readvanceable product, I/we hereby acknowledge that:**

- 1) Upon receipt of this request freeze the credit limit on the product so no further credit can be extended/utilized, pending receipt of payout funds.
- 2) Any and all credit lines are to be closed upon receipt of payment and a request for discharge.

I/We hereby further acknowledge that in order to facilitate the payout and discharge/transfer of the above-mentioned mortgage/account there may be additional per diem interest charged to me/us representing the required time to deliver funds to the lending institution.
