As of the date of this notice, you have unused net capital losses from other years of \$2,133. However, if you apply this amount to any year other than the current tax year, your unused balance may have to be recalculated. This is because of the different capital gains rates for those years. You can use your unused net capital losses to reduce taxable capital gains that you have reported. For more information, see our Guide T4037, "Capital Gains."

We will deposit your refund into the account shown on your direct deposit application.
