Cost of Living Adjustment (COLA)

The UBC Staff Pension Plan Board would like to inform you that a Cost of Living Adjustment (COLA) of 0.7% has been applied to your pension benefits effective January 1, 2017. This adjustment is based on 50% of the increase in the Consumer Price Index in the last year. Pensioners who retired in 2016 will receive a prorated cost of living increase.

Effective January 2017, your gross monthly pension (before tax deductions) from the UBC Staff Pension Plan will be **\$2,072.89**. Your pension will be reduced on April 1, 2025 which is the month after you reach age 65. We would like to remind you that your pension payments are deposited on the first business day of the month.

Northern Trust Company Canada will mail your T4A slips, for income tax purposes, by the end of February 2017. If you have not received your T4A slips by March 1, 2017, please contact one of the numbers listed below for a copy.
